

Welcome Letter

We are pleased to welcome you to the 2024 XXXV Congress of the International Academy of Pathology which hosts the most enthusiastic and scholars of the field of Pathology. Our aim is to offer a unique arena where the latest accomplishments and controversies in diagnostic pathology are presented and discussed. The Congress returns to Ibero-America after 14 years and it will allow us to share experiences and knowledge in addition to returning to face-to-face congresses after 4 years of COVID 19 pandemic. Important topics of molecular pathology, artificial intelligence will be discussed in different subspecialties.

We are confident that the City of Cancun and its Convention Center shall be suitable to accomplish these goals. Altogether, the comfort and quality of the hotels and Cancun's beautiful beaches and Mayan treasures make this the finest place to relax and sightsee; added to the traditional Mexican hospitality and an interesting social program will allow attendees and companions a memorable academic and cultural experience. Welcome!

Sergio Sanchez Sosa MD
Congress President IAP Cancun 2024.
Mexican IAP Division.
